

The New Silhouette Curio™

.....

Meet the Silhouette Curio™, the ultimate DIY machine. This machine is more than a cutting tool. It can cut, emboss, sketch, stipple, and etch—it's like a Swiss Army knife for your craft room. Unlock powerful new creative capabilities like Print & Emboss, Score & Emboss and Deep Cut.

The New Power Tool

.....

The Curio boasts a rich mix of innovative features including a dual carriage, an adjustable base and a raised clearance bar opening the door to new project palettes like woods, foils, thicker leathers, foams, and even metals. Like other Silhouette cutting tools, the Curio is driven by powerful Silhouette Studio® software and the Silhouette Design Store. Most designs from the Design Store can be repurposed for embossing, stippling, and etching projects. You're welcome.

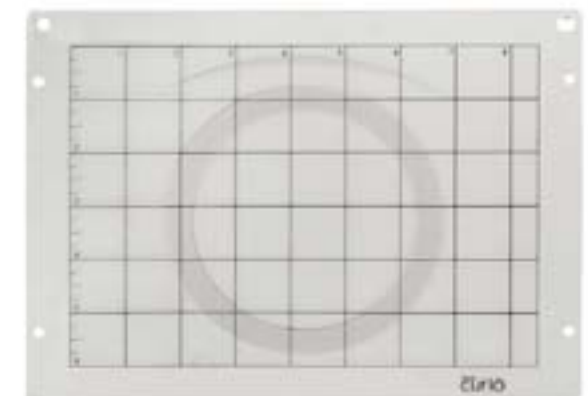

Silhouette Curio™

.....

The Curio is the world's first complete hobby machine. The Curio makes the perfect companion to Silhouette cutting machines and allows you to maximize the creative possibilities of your personal design library, and unleash the full potential of Silhouette Studio®.

Curio™ Cutting Mat

8.5 in x 6 in

8.5 in x 12 in

.....

This long-lasting cutting mat has a strong tack that holds thicker materials in place.

Curio™ Embossing Mat

8.5 in x 6 in

8.5 in x 12 in

.....

Designed for the Silhouette Curio™, these embossing mats are made specifically for the fine and wide Silhouette embossing tools. Curio embossing mats use a special “vacu-seal adhesion” to provide a gel-like cradle for all your embossing projects.

Curio™ Embossing Tools

Fine Embossing Tool .

Wide Embossing Tool .

.....

Silhouette carries two types of embossing tools. The fine embossing tool is designed to create a finer embossing channel for a uniquely embossed look—it will add a subtle, yet distinct mark on all your projects.

The wide embossing tool is designed to create a wider embossing channel for a broader embossed look.

Deep Cut Blade

.....

The deep cut blade has a 2 mm long blade that will cut through thicker materials than the regular blade. The deep cut blade features a sintered tungsten alloy composed of super-fine powder for extra durability. Recommended for use with the Silhouette Curio™.

Premium Blade

.....

This blade will provide up to three times the life of a regular blade under normal cutting conditions. Can you say “value”?

Curio™ Stippling Tool

.....

Stippling creates designs or pictures with different patterns of small dots for a show-stopping stylized look. This tool is designed specifically for the Silhouette Curio™ and is great for creating stippled foils and metals.

Curio™ Etching Tool

.....

Trying to make your mark in the world? Create beautifully etched metal with the Silhouette etching tool to customize jewelry, charms, home décor, mixed media art, and more. For use with the Silhouette Curio™.

Curio™ Score & Emboss Paper

5 in x 7 in – 10 sheets

8.5 in x 11 in – 10 sheets

.....

Specially designed for the Curio's Score & Emboss feature, this specialty paper will give your embossing project an elegant faux letterpress effect.

Curio™ Metal Etching Sheets

5 in x 7 in – 3 sheets
1 each: black, gold, pink

.....
These sturdy, anodized metal sheets are perfect for etching with your Silhouette Curio™. The metal's glossy surface contrasts beautifully with the silvery aluminum underneath.

Curio™ Aluminum Stippling Sheets

5 in x 7 in – 6 sheets

.....
Use our 5 in. x 7 in. aluminum sheets to stipple any design with your Silhouette Curio™. Perfect for home décor, mixed media art, custom jewelry and more.

New Felt Tip Pens

.....

Our felt tip pens work just like markers. There are even two tips on each pen—one side is a finer point and the other is a broader tip. Use them to stipple or fill in embossed channels for a faux letterpress look.

Felt Tip Pens – Basics Pack

Need more color in your project? Try the felt tip pens basic pack. Each pen is designed to load in place of the Silhouette blade, allowing the machine to sketch rather than cut. Compatible with the Portrait, Cameo, and Curio. Recommended for stippling projects with the Silhouette Curio™.

UV Light-Sensitive Fabric Ink

.....

This light-sensitive fabric ink looks creamy white when you're inside, but as soon as you go outside into the sun, your inked design will display its "true" colors.

UV Light-Sensitive Fabric Ink

2 fl oz bottle

.....

These specialty fabric inks are perfect for kids crafts and for creating unique apparel. Choose from four vibrant colors: yellow, purple, magenta, and blue.

Glow in the Dark Fabric ink

.....

Fun for kids and adults alike. Similar to our UV sensitive inks, the ink color is subtle under normal lighting conditions. But when the lights go out, the ink gives off a greenish glow. Fantastic for costumes or just to put a fun spin on customized clothing.

Glow in the Dark Fabric Ink

2 fl oz bottle

.....
Use our glow-in-the-dark ink to customize apparel and more. This ink is a perfect complement to Silhouette stencil vinyl and stencil material.

Fusible Fabric Stabilizers

Our fusible fabric stabilizers are perfect for creating applique, quilt, and other fabric projects with your Silhouette electronic cutting machine. Now offered in a convenient roll for the first time.

Clean Cut Fusible Fabric Stabilizer

12 in x 60 in – 1 roll

.....

Clean cut fusible fabric stabilizer has a thicker adhesive that irons onto fabric—allowing you to cleanly cut designs with your Silhouette electronic cutting tool.

Cut & Sew Fusible Fabric Stabilizer

12 in x 60 in – 1 roll

.....

Cut & sew fusible fabric stabilizer has a thinner adhesive that irons onto fabric—allowing you to cut patterns and designs with your Silhouette that are ready to be sewn or stitched.

Reflective Heat Transfer Material

.....

In need of a reflective shirt for those early morning runs? Try making your own with this specialty heat transfer material.

Reflective Heat Transfer Material

Our smooth, white adhesive-backed cardstock is not textured, making it perfect for printing.

Printable White Adhesive-Backed Cardstock

8.5 in x 11 in – 8 sheets

.....

This cardstock is the perfect companion for the Silhouette Print & Cut feature.

Faux Leather Paper

.....

Faux leather paper has fabric-like qualities and feels similar to leather, but is actually paper. It can be sewn onto projects and washed.

Faux Leather Paper

12 in x 60 in – 1 roll

.....

Durable paper that can be sewn and washed after cutting. Has a leather-like appearance and texture after washing. Perfect for giving projects a vintage look.

Printable Cotton Fabric

Printable cotton fabric is a white fabric that has a built-in backing. Simply feed it through an inkjet printer and cut out the printed fabric with your Silhouette machine. The fabric backing can then be torn away leaving your one-of-a-kind, printed fabric.

Printable Cotton Fabric

8.5 in x 11 in – 8 sheets

.....

Printable cotton fabric is the perfect way to add texture and personality to sewing, fabric, and other DIY projects.
