## *AutoBlade*

---

With the AutoBlade, your machine will set the correct blade depth for your project. Simply select the material type in the Silhouette Studio® software and let the Portrait do the rest.

## *Deeper Cuts*

.....

With the new 2 mm clearance, you can cut thicker materials, such as foam and chipboard, with the deep-cut blade.

*Bluetooth*<sup>®</sup>

.....

Portrait 2 is now Bluetooth<sup>®</sup> compatible. Create something from your mobile device and send it right to the Portrait.

.....

Capture it. Cut it. Use PixScan™ technology to capture an image with your smartphone, import the image, and turn the image into a cut file.

## *Design Your Way*

Choose from over 100,000 ready-made designs available in the Silhouette Design Store or make your own designs in the Silhouette Studio® software.

*Dream it up. Cut it out.*™

.....

With Silhouette products, you can create custom projects for your home, business, school, or hobby.
